Application for State Aid, 1918. Resolution and Order Breckinridge County.

Fiscal Court of Breckinridge county, April term, April 2nd, 1918.

On motion by Squire Heron and seconded by Squire Bennett, the following is passed by the Breckinridge Fiscal Court:

Be it Resolved: That the public interest demands the improvement and construction of the following roads for about 7 miles, beginning at Hardinsburg and running to Garfield same being a portion of the Inter-County seat road, connecting Hardinsburg, the county seat of Breckinridge county, with Brandenburg, the county seat of Meade county, on the most direct and practical route, and it is the sense of this court that said road be improved under State Aid and State Supervision during 1918. Application is hereby made to the Commissioner of Public Roads for \$10,000.00 of the State Road Fund to be apportioned to Breckinridge county for the improvement of said road.

It appears that the Fiscal Court of Breckinridge County had for the purpose of constructing roads and bridges in 1917, exclusive of the fund received from the State, as Breckinridge county's State Aid proportionment, \$10,000.00. That Breckinridge county has in addition to this \$2,000 from the poll tax, all of which was devoted to the improvement of roads and bridges for Breckinridge county. Total assessed valuation of the county for 1917, \$5,000,000. Therefore it is ordered that the Fiscal Court of Breckinridge County petition the State of Kentucky and the State Commissioner of Public Roads for \$10,000 of the State Road Fund for the use of this county for the improvement of the Hardinsburg and Brandenburg road and agrees to furnish a like amount.

In case \$10,000 exceeds the amount that may be apportioned Breckinridge county for the year 1918, then in that case the Fiscal Court of Breckinridge county requests the proportionate amount of the State Road Fund that may be apportioned to Breckinridge county.

It is further ordered that a copy of these resolutions and a copy of this court's order be certified to the Commissioner of Public Roads for approval.

Those voting in the affirmative, Esquires Robbins, Keenan, McCoy, Heron, Bennett and Howard.

On motion duly made, seconded and carried, it is ordered that the County Attorney be ordered and directed to communicate with Smith & Crahan, contractors for the construction of the Hardinsburg and Garfield Pike, and urge them to use all diligence and every effort to expedite the construction and completion of said road.

On motion duly made, seconded and carried, it is ordered that the County Treasurer, County Judge and County Clerk of Breckinridge county refund all outstanding County Bonds that are now due and as they become due at a rate of interest not to exceed five per cent per annum. Said refunding bonds in not less than one nor more than six years from the date of the issue of each particular bond and the County Clerk is hereby directed to keep a register showing the holders of each bond and it shall be made a condition in each bond that should the holder thereof assign or transfer same, he shall report said transfer to the County Clerk.

Said Treasurer shall immediately advertise for said bond in a news paper published in Breckinridge county in three consecutive issues and upon failure of the holder of any bond to produce same to said Treasurer within 30 days after the date of said advertisement, the interest on such bond or bonds shall cease.

On motion duly made, seconded and carried, it is ordered that the County Court Clerk be and is hereby authorized to install in his office what is known as the "Loose Leaf System" and be directed to purchase a typewriter of a standard make suit-

able for said purpose, subject to the approval of the County Judge.

On motion duly made, seconded and carried, it is ordered that the County Court Clerk install a telephone in his office for the use of the County Officials and the public in general at the expense of Breckinridge County.

On motion duly made, seconded and carried, the County Attorney and County Judge are hereby directed to look into the matter and consider the advisability of disposing of the present poor house farm, and of purchasing another one for said purpose, and they will report back to this Court at its regular October term. The present farm being considered too small for the purpose for which it is used.

On motion duly made, seconded and carried, the Clerk of this County is directed to notify Culver Pipe Manufacturers that this Court will receive Sealed Bids for one year's supply of Culverts for Breckinridge County said bids shall be forwarded to said Clerk on or before the 26th day of April, 1918; each bid must be accompanied by a certified check for the sum of \$200 to insure good faith of bid, and also be accompanied by a certified and verified analysis of material of which the culvert is composed and no bid will be considered unless said analysis shows 99.79 per cent of pure iron and not less than 2 ounces of pure spelter per square foot of material.

On motion duly made, seconded and carried, Court adjourned until tomorrow at 8 o'clock, A. M.

VICTORY.

From Leslie's Weekly.

I could have prayed for peace before I heard of little children lifted high in jest. A sword point through the white still pulsing breast. And women foully held—then anger stirred. And all my soul rose up, since this could be I'd only pray to God for Victory.

I could have waited for my sons to turn. Safe home; but foul and gas outpouring shell. And liquid fire, and fiendishness of hell. Set all my blood aflame and now I burn. With holy rest, whatever the cost to me, If soon or late God sends us Victory.

I could have weighed new days by old ideals. Had I not known of death that hurrying went. Beneath the waves to smite the innocent; But knowing all, my startled spirit reels. Then springs to ask: "What will ye, Lord, of me. That to our arms may come sure Victory?" L. M. Thornton
